A repetition of last February's successful venture, which worked like a charm and yielded mutual benefits. Nothing more pleasing to us than to sell an odd garment and to see our friends carry off such rare and undisputed bargains with a large rebate. We have adopted a method of clearing them semi-annually by a sacrificial pursuance; for a suit or two here or there amongst our mammoth clothing stock is, like a needle in a haystack, easily lost. Taus, we prefer to gather them in time and plunge the knife into prices deep enough to make them disappear rapidly and advantageously.
